Auburn University | Auburn, AL

Expected May 2027

Bachelor of Science in Business Administration

GPA: 3.58 / 4.00

Major: Finance | Minor: Analytics | Honors: Dean's List, Fall 2024

Relevant Coursework: Investments, Advanced Business Finance, Financial Markets and Institutions, Predictive Modeling, Business Analytics, Accounting, Python

PROFESSIONAL EXPERIENCE

Steward Partners G2G | Kennesaw, GA

June – July 2026

Wealth Management Intern

- Built a Bloomberg-integrated, AI-assisted portfolio analytics platform, adopted by the portfolio manager for daily use, consolidating five previously separate Excel workflows — DCF valuation, holdings risk/return, research screening, portfolio stress testing, and rebalancing — into a single system.
- Researched equities using Bloomberg and fundamental metrics, including valuation, EPS growth, PEG, ROIC vs. WACC, beta, volatility, and sector-relative comparison.
- Evaluated covered call strategies — option premium, delta selection, implied volatility, rolling decisions, and assignment risk — to support portfolio income generation.
- Participated in client meetings and firm events, gaining exposure to wealth planning, relationship management, and customized portfolio construction.

Corcoran Reverie | Santa Rosa Beach, FL

June – July 2025

Financial Analytics Intern

- Developed financial dashboards for firm leadership by cleaning and visualizing luxury real estate sales data enabling faster decision-making.
- Conducted market analysis of luxury real estate trends to support strategic investment decisions.
- Organized and analyzed property sales reports, streamlining the firm's financial reporting workflow.

Los Angeles Rams | Inglewood, CA

July – August 2025

Operations Intern

- Sold 500+ Rams Football Academy memberships at Training Camp, the highest total in program history.
- Planned game-day and practice logistics and collaborated with marketing, finance, and community relations teams on engagement tracking and event operations.

Thor Construction and Design | Panama City Beach, FL

June 2025

Financial Analytics Intern

- Wrote custom Python code using AI techniques to clear a 12+ month backlog of unprocessed financial statements — bank, credit card, and vendor records — categorizing them for tax reporting and budgeting.
- Leveraged Tableau to design interactive dashboards with visual analytics, helping leadership identify trends and make informed decisions.

Camp Sea Gull | Arapahoe, NC

Summers 2021 – 2024

Sailing and Cabin Counselor

- Promoted through four leadership roles across four summers, managing sailing instruction for a multi-boat fleet and supervising junior instructors in a safety-critical environment.
- Coordinated operations with 150+ staff members across departments, led daily problem-solving meetings, and produced multi-level-reviewed performance reports for campers and parents.
